Remembrance day was a brilliant learning opportunity for the children to be able to talk about history and things that we are grateful for in our lives. Reception

and Little Jesters got together to watch a video about remembrance and share their ideas. We then all made poppy wreaths which are displayed in both Little Jesters and the Reception classrooms.

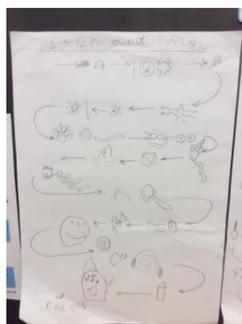

Reception Highlights

'Lets Celebrate'

We have been learning about different celebrations and the stories behind each of them, including; Bonfire Night, Remembrance, Divali, Hanakkah and Christmas.

When exploring Diwali, we also looked at the story of Rama & Sita and created story maps with actions to help us remember it.

We have been focusing on length in maths. The children explored comparing length and measured each others height.

Little Jesters Highlights

'Funny Bones' by Janet and Allan Ahlberg

We learnt all about the bones in our body and some of the important organs they protect. We were also lucky enough to have one of our parents who is a doctor come to visit us. Doctor Dan was a big hit with the children and they really enjoyed being able to listen to each others hearts with a stethoscope and look in each others ears with the otoscope.

We have been learning all about why we celebrate Christmas and reading the nativity story.

We are looking forward to reading 'Stickman' by Julia Donaldson and Axel Scheffler next.
