

"If Children are happy,
they will achieve!"

MATHS PUPIL VOICE

AUTUMN 2019

Reception

In Maths I count to 20 with a number line to help me. *Orla*

I've been learning to count to 100. We use number lines. *Archie*

We've been counting. Now I can count to 12. We all count together. *Isabella*

Year 1

I like Maths because sometimes we get to solve problems. *Charlotte*

I like doing the 'use it' because I like solving problems. *Jack*

I like the 'prove it' because it helps me learn how to explain my answer. *Serraya*

Year 2

Maths used to be hard but now it's getting easier. Mental Maths helps me when we do our Maths lessons. *Alfie*

I like doing the 'Do it' questions because they make me feel more confident with Maths. I like the 'Ace it' questions because they challenge me. *Isabelle*

Mental Maths helps me learn my times tables. *Oliver*

Year 6

I am definitely making progress with mental maths because we practise every day. *Maisie*

I've improved my abilities in Maths. I feel more confident in Maths because I'm getting more time to practise. *Teddy*

I've improved more because I'm getting better at times tables and everything really. MOT helps by giving me time to remember what I've done. *Aden*

Year 3

I now know all my times tables because we practise lots in mental maths. *Jacob*

I like Can Do Maths because it helps me learn my times tables. *Rosie*

I used to struggle with Maths but now because we practise a lot I can do most it. Mr Hart really helps me. *Olivia W*

Year 5

I have improved in my Maths learning because we are practising more. *Eva*

I like the questions because it's getting my Maths skills better. *Phoebe*

Year 4

I'm interested in the 'Prove it' questions because I can find out where someone has gone wrong and help with a strategy to develop their learning. *Jack M*

The MOT helps me develop my problem solving skills. I like the challenge of the use it, particularly the trial and error questions. *Noah*
