

*"If Children are happy,
they will achieve!"*

SUBJECT SNAPSHOT - MFL

Year One

Year One have been using the Spanish vocabulary that they know (colours and numbers) whenever they can in their day. Their tables are coloured and they are often asked to sit at tables using the colours in Spanish – ask them what blue, green, red, yellow and orange are.

Year Three

Year Three have been thinking about conversational Spanish. They have been practising their greetings and using these to have small conversations. They have also learnt that there are multiple ways to say hello and goodbye.

Year Two

Year Two, have been investigating colours this term. They have created their own display in their classroom showing off their knowledge of colours.

Year Four

Year Four have been listening attentively to pieces of Spanish, joining in and responding to questions. This term they have recapped numbers and months of the year and learnt how to describe members of their family.

Year Six

Year Six have been busy learning classroom phrases and school language. They have also been having a go at increasing their confidence when speaking Spanish and talking in front of others – a very daunting task.

Year Five

Year Five have been learning stock classroom phrases and objects with intention to build up to conversations. They have been listening to children talking and identifying the room and place within the school they are talking about.
