

If children are happy, they will achieve!

Friday 26th June 2020: Newsletter for the children

Headteacher awards: Congratulations to... **Alfie, Anabelle, Oliver, George, Henry, Amy, Suzi, Natw, William, Fin, Amber, george, Noah, Ashton, James, Tiegan, Noah, Louis, Kittie,**

Reception Class

In Reception we have been celebrating School Diversity Week by making 'Be Kind' and 'Be You' posters to put up in our windows at home. We have been thinking about differences and how these should be celebrated. The children have designed their own flags that represent themselves and the things that are special about them.

Year 3

This week, year 3 have been exploring diversity from around the world. We've seen great efforts of the children creating paper dolls, making your own guess who game, playing different games from different cultures and researching the meaning behind the progress flag. The children have done a brilliant job with all of these tasks.

Amy made her own Rainbow flag. Absolutely nailed it! Well done Year 3!

Year 4

Year 4 have been having a go at lots of different activities to celebrate Diversity Week. We have learnt how to say and write the numbers to ten in Japanese, as well as making lots of different foods from around the world. (Greece, Japan, Italy, Mozambique!) We have been challenging our own perception of stereotypes by guessing which face matched a particular career.

Each day we have been set the challenge to send in a photo celebrating a particular colour building up to rainbow Friday. We've sent in our favourite outfits, pictures of our pets and us out, enjoying the glorious weather. #alldifferentalltogether

Year 5

Year 5 have been busy with activities all centred around celebrating difference. We have been learning new languages, playing sports that originate from different countries, looking at multi-cultural art and listening to music from around the world.

Kittie has taken part in the Progress Flag Photo Challenge! Great work!!

Year 2

Year 2 have made me proud during Diversity Week. They have shown that they accept and celebrate all of our differences. When deciding if careers are matched to a man or woman they understand each career could be either. They have said its silly how people are treated differently or made fun of because of their differences. I have seen beautifully different paper chain people, heard about wonderful discussions about laws and stereotypes and know Year 2 are tolerant and open-minded.

Year 1

This week Year One have been thinking a lot about what makes them individual and special. The children were asked to design a flag which represented who they were. Children were told they could include things like their favourite foods, colours and activities that they enjoyed doing. The children went to town thinking about what defines them. It was lovely to see that each flag was completely different to the rest, and I could tell that they had all put so much time into ensuring their flag was perfect.

Have a fun weekend!

A handwritten signature in black ink, which appears to be 'Miss Robbins'.

Miss Robbins and all the team here at Berkeley Primary
