

# OUR CLASS TEXT

We will be exploring different texts about our planet and how we can protect it.

One World by Michael Foreman is about a brother and sister who notice the effects of pollution at the beach nearby and find ways to help.

## Year One

# One World

In Literacy we will be looking deeper at a range of writing styles including letters and recounts. We will be exploring ways to write persuasively.

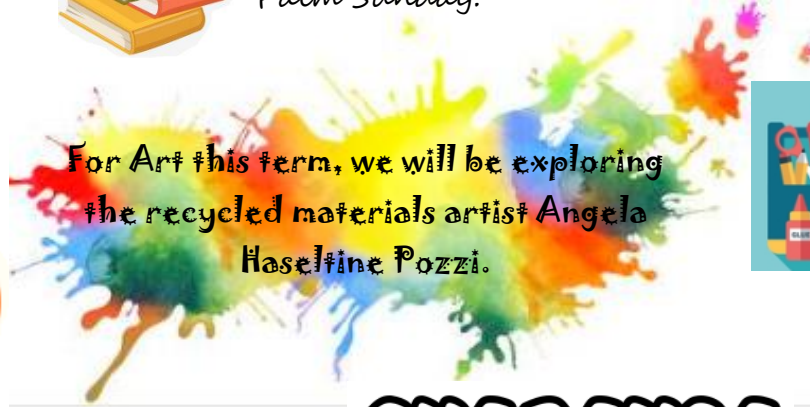

In Geography we will be continuing to explore the world's continents and oceans. We will be looking at maps of our planet and identifying issues the environment is facing in each continent.

We will be investigating the changes in transport and travel over the years. We will also be considering the effects of these changes on our environment.

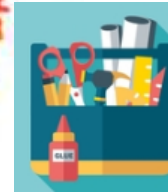

Christianity - We will be learning about Easter and Palm Sunday.

This term's Science is identifying different kind of animals. We will be looking at animal features and finding different ways to group them.

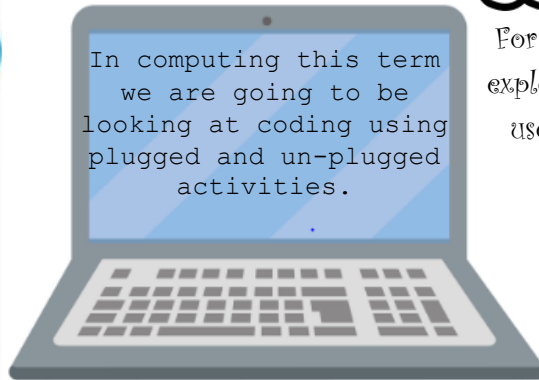

For Art this term, we will be exploring the recycled materials artist Angela Haseltine Pozzi.

In DT, we will be creating a class load of socks to practise our skills of cutting fabrics, sewing and decorating using sticking and printing techniques.

PE this term will be focused on dance. Year 1 will be copying and remembering movements as well as putting together a sequence.

In computing this term we are going to be looking at coding using plugged and un-plugged activities.

# CHARANGA

For music this term we will be exploring different ways we can use our voices and bodies to create rhythm.
