

Danger Zone

I know that the Mayans lasted from 100 BC to 1600 AD when European settlers invaded.

I know that Mayans overlapped Ancient Egypt, Ancient Greece, Ancient Rome and lasted until the middle ages.

I know that Mayan priests were important because the people believed they could communicate directly with the Gods.

I know how to use inspiration from different cultures to begin my creation.

I know how to accurately join materials and assemble materials.

I know a prototype is to create a small model of the final version.

I know how to demonstrate resourcefulness when tackling practical problems.

I know how to perform entrances and exits. Learning a headstand, transitioning into a forward roll and incorporating as part of a routine.

I know how to perform a range of routines with rolling; including jumping rolls, build into rolling from and into a pike position.

I know how to plan a sequence of movements on apparatus both individually and as a group, in time with each other to form a routine.

I know how to perform both a stag jump and a split leap. Progress from a cartwheel to perform a round off. Perform cat springs.

I know how to vault safely with a range of entrances and exits and then into rolling, building up to various landings on and over a vault.

I know why some materials are chosen and used in various designs.

I know why some materials will dissolve in a liquid and form a solution.

I know some materials are insoluble and form sediment.

I know mixtures can be separated by filtering, sieving and evaporation.

I know some examples of reversible and non-reversible changes.

I know how to compare my hopes and dreams with those of young people from different cultures.

I know how to reflect of the hopes and dreams of young people from another culture and explain how this makes me feel.

I know how to talk about some songs: lyrics, meanings, identifying sections, naming instruments, historical context.

I know a songs main features, the various voice type, the meaning of lyrics.

I know that you can use riffs you have heard before in improvisations.

I know how to create musical ideas for the group to copy or respond to.

I know a biome is an eco-system or environment of living things.

I know biomes are described on the basis of their climate.

I know the biomes of Europe are; tundra, coniferous, deciduous, Mediterranean, alpine, temperate grassland.

I know that living things are suited to live in the biome in which they are found.

I know tundra is one of the coldest biomes and therefore has little plant and animal variety.

I know the savannah is a rolling grassland with scattered trees and shrubs.

I know a savannah has two distinct seasons.

I know taiga are covered in plants and trees. I know they are snowy and cold for most of the year with long winters and short, cool summers.

I know that climate is the average measurements of temperature, wind, humidity, snow and rain in a place over the course of years.

I know that latitude is the measurement of distance north and south of the equator.

I know that a condition can only be true or false.

I know that a condition-controlled loop will stop when a condition has been met.

I know the importance of instruction order in 'if...then...else...' statements.

I know a range of vocabulary to describe the weather.

I know how to ask what the weather is.

I know how to respond when asked the weather.

I know how to read 5 types of weather.

I know the relevance of Sikh stories today.
